EXPERIENCE

Math Club President

Oct 2024 – June 2025

Thornlea S.S

Markham, ON

- Taught 120+ Grade 9–12 students grade 9-12 curriculum math, AP Calculus AB/BC, and competitive math.
- Created structured lesson plans and organized weekly problem-solving sessions.
- Created a self-running information sharing network that provided lesson notes, course information, and previous test material across all grades and course units.
- Increased math competition participation by 30%
- Improved members' average scores by 5-15% through targeted teaching and practice exams.

Real Estate Agent Assistant

Sept 2024 – Present

Family Business

Markham, ON

- Managed documentation and record keeping for a portfolio of rental properties and tenants
- Conducted fact-checking and verification of contracts, lease agreements, and financial records.
- Reviewed tenant income documentation and supporting materials to ensure accuracy and compliance with application requirements.
- Improved organization of property and client information, reducing errors and streamlining administrative workflows.

PROJECTS

Devlify - AI Learning Chatbot | *React, Next.js, FastAPI, TypeScript, Python, PostgreSQL, CSS, Vercel*

- Built Devlify, a subject-tailored learning assistant that delivers context-aware academic support tailored to student's coursework and questions.
- Tested by 40 students receiving a 93% approval rate for the platform's learning experience.
- Subject-specific responses result in 68% of testers reporting stronger results compared to ChatGPT.
- **GitHub and Project:** [Demo](#) [GitHub](#)

Elara.ai - Agentic RAG Platform For Evidence-Based Verification. | *Python, Typescript FastAPI, PostgreSQL, AWS*

- Built Elara.ai, an evidence based verification platform that evaluates submitted claims against timestamped sources, producing transparent, citation-backed reports.
- Automated a claim-verification lifecycle with a 13-stage pipeline that reduces manual research time by up to 95%.
- Accomplished production-grade report reliability through a mandatory pre-publication citation-audit gate.
- **GitHub and Project:** [Demo](#) [GitHub](#)
